

CALL FOR POSTERS AND PARTICIPATION

<http://applbio.biologie.uni-frankfurt.de/recombcg2015>

SCOPE

The annual RECOMB-CG satellite conference brings together leading researchers in the mathematical, computational, and life sciences to discuss cutting edge research in comparative genomics, with an emphasis on computational approaches and the analysis of novel experimental results. The technical program includes six invited keynote speakers, 20 contributed talks and a vivid poster session.

CALL FOR POSTERS

We invite all participants to present their latest results that fall within the general scope of the conference as a poster. To do so, please submit a poster abstract in PDF format to

recombcg2015@easychair.org

The abstract will be included into the Conference Program booklet, and must be limited to 1 A4 page (12 pt font) in length including all references and figures.

- ~~Poster Submission Deadline: Friday 28 August, 2015.~~
- ~~Notification of Acceptance: Tuesday 1 September, 2015.~~
- **We offer the possibility for late poster submission. However, we cannot guarantee that late poster abstracts are considered in the printed conference booklet.**

The poster session is scheduled to the afternoon of Monday 5 October, but posters will be on display for the entire duration of the conference. The format will be A0 vertical (84cm=33.1" wide, 118cm=46.8" high). At least one author of each accepted poster is required to register for and attend the conference.

CALL FOR PARTICIPATION

We invite all members of the computational and applied comparative genomics communities to participate in RECOMB-CG 2015. Information about registration to the conference and all other organizational matters can be found on the conference web page.

The early registration deadline is Friday 4 September, 2015.

RECOMB-CG 2015 PROGRAM COMMITTEE CHAIRS

João Meidanis, Campinas, Brazil
Jens Stoye, Bielefeld, Germany
