

DokuWiki login

Login into the course wiki is a two-step process.

First level login

To access the teaching wiki in the first place, you will have to use a general username/password combination that is **the same for all users**. This login will grant you only read access.

- **Username:** TeachingAKE
- **Password:** TeachingAKE

Second level login

For making full use of the wiki you will have to log in with your **personal username/password combination**. This will be, are was already, sent to you in an automatically generated email from our WIKI server. **If you don't find this email, please check your spam folder carefully**. If you still cannot find it, [write us a message](#). Once you have your login credentials, click on the link on the top-right of the wiki page (Figure 1).

Update your personal information

Upon the first login, make sure to change your personal password via the [Update Profile](#) menu at the top right of the wiki page (Figure 2). You will then be guided to the page where you can update your personal information (Figure 3). **Please adhere to the rules for generating a good password.**
